

Leor Sinai Introduction

Ladies and Gentlemen,

Now it's my privilege to introduce you to a unique and dynamic Jewish leader...

He is a ***dedicated Zionist***, who lets his actions speak louder than words. He made Aliyah with his family to support Israel from within...

He is an ***inspired and inspiring Rabbi***, who spent a year in Israel during college, where he worked on building networks of socially conscious Jews, and then received his ordination as a rabbi from The Jewish Theological Seminary...

And he is a ***top-notch educator***, who works enthusiastically to support and energize the only non-denominational, pluralistic, English-language semester abroad academic experience in Israel for high school students.

Ladies and Gentlemen, please welcome Rabbi Leor Sinai.
